

Jackson County Route 50 Lee's Summit, Missouri

Missouri Department of Transportation

Project involved the reconstruction of an existing at-grade intersection, whereby **DRG** provided a re-design of both the Route 50 and Todd George roadways, interchange and grade separation bridge of Todd George Road over Route 50 in Jackson County, Missouri.

Diamond interchange and outer roadway designs, roadway excavation and embankment, cross-road stream hydraulic designs, concrete surfacing and bridge design were major elements of the design. Pavement marking, temporary and permanent erosion control, basic intersection highway lighting, traffic signalization, highway signing and detailed traffic control were also a part of this project.
